 Hi Morgan,

I hope you are doing well! I wanted to reach out to check on Secretary Ross' availability next week Thursday, January 4th for a call with Governor Walker. The Governor would like to discuss the antidumping and countervailing duty petitions that you are considering.

The Governor's schedule is pretty flexible on the 4th, so we should be able to make any time work.

Thanks and let me know what you need from me!

Matt Censky

Hi John:

Per my voice message, Minister Freeland plans to be in town on January 9 (maybe 10 as well) and as always would welcome an opportunity to touch base with Secretary Ross. Let me know if that is a possibility. I understand Kirsten Hillman and Wendy Teramoto are already planning to meet for lunch on the 10th.

Subject: Meeting Request with Secretary Ross
Importance: High

Eric,

On behalf of the Solar Energy Industries Association
<<https://www.seia.org/about>> and the US solar energy industry, I am
reaching out with new urgency this morning to renew our request for
a meeting with US Secretary of Commerce Wilbur Ross regarding the
Section 201 "global safeguards" case involving imported solar cells
and modules. I placed a phone call to Secretary Ross earlier this
morning and left a message for him with this same personal request.

It is our understanding that a recommendation from the White House
senior leadership regarding remedies in the solar trade case will be
going to President Trump as soon as January 11, with a decision to be
announced by the President by January 26. The decision made by
President Trump in this matter will have an enormous impact on US
solar energy industry and the 260,000 Americans who are employed
by it. The US solar CEOs who comprise SEIA's board feel it is critical
that their voices and perspectives are heard by the President's

Commerce Secretary on behalf of the industry before a final recommendation goes to the President and a decision is made.

Would a meeting with Secretary Ross be possible next week? Our original request for a meeting was made in early November. With a presidential decision in the solar trade case now imminent, it is vital that US solar company CEOs have the opportunity to share their views with the Secretary before a decision is made that will have a potentially dramatic effect on this growing sector of the US economy and the hundreds of thousands of American jobs it supports.

Thank you for your consideration of this request, and for your quick response to my December 20 message, which was reassuring and greatly appreciated. My colleague, Dave Schnittger (copied on this message), can be reached at any time at (b) (6) for additional information, or feel free to contact me or Dave at any time via the email addresses on this message.

Sincerely,

Senator Trent Lott (R-MS)

 Dear Secretary Ross,

It was a great pleasure to sit beside you at the Goldman Sachs dinner on Friday. Despite the crummy acoustics for both of us (!) I enjoyed sharing perspectives on trade, China, and other topics. As mentioned, CPPIB has built a significant investment portfolio in the United States with approximately USD\$100 billion invested in equity and fixed income holdings in many public and private companies, ownership interests in significant real estate developments and commitments to numerous real estate and private equity funds. As you noted we are also one of the leading global investors in infrastructure (b) (4)

When schedules permit, I would be delighted to continue our conversation and outline CPPIB's ongoing commitment to U.S. as a priority market, as well as how our investments contribute to U.S. jobs and growth.

As a follow up to our previous CEO meeting with the Secretary, we would like to request a follow up discussion with the US polysilicon industry CEOs (including Dow, Hemlock Semiconductor, REC Silicon and Wacker) and the Secretary for this week, if possible on Wednesday or Thursday.

The meeting would be an opportunity to update on progress promoting a comprehensive settlement of the solar/polysilicon trade enforcement cases, and especially to debrief on the recent CEO meeting with Ambassador Lighthizer. We would welcome an opportunity to engage the Secretary to ensure that the recommendations to the White House on the Section 201 petition include the broadest possible progress for the entire US solar value chain, including polysilicon.

Our proposal would provide a meaningful commercial return and preserve, restore, and expand U.S manufacturing and jobs. It would

advance the Administration's key objectives to:

- * Impose "tariffs" and effectively enforce U.S. trade laws;
- * Reduce the trade deficit with China by restoring effective market access to China for U.S. polysilicon exports;
- * Preserve national and energy security by unlocking funding to rescue and strengthen strategic U.S. manufacturing industries; and
- * Promote investment in high skilled, high value American manufacturing production and workforce

We would appreciate the opportunity to engage the Secretary directly and to support this plan of action within the inter-agency process and directly with USTR. We very much appreciate the opportunity to meet, and would be flexible to the Secretary's schedule. Given executive travel, we would have availability either Wednesday or Thursday of this week. Please do not hesitate to contact me if you have questions/need additional information, best regards, Lisa

Thank you for returning my call. As we discussed, I am respectfully requesting a brief face-to-face update for Secretary Ross when LG USA CEO William Cho is in Washington next week. They met during the secretary's visit to Clarksville, Tennessee, that you were so kind to arrange for our factory groundbreaking last August. Construction and hiring are under way and we are accelerating the start of washing machine production there later this year. Mr. Cho would like to update him on our progress and possible future developments, and to discuss a trade-related issue that could seriously impact those plans. If Secretary Ross can spend 15 minutes sometime next week, Mr. Cho will rearrange his schedule to fit his schedule. Thank you so much in advance for trying to squeeze in this important brief CEO meeting. I look forward to hearing from you soon. (Mobile is best - (b) (6))

Dear Wendy and Cameron,

Attached please find our formal invitation to Secretary Ross to this year's Annual Meeting. I look forward to working with you in the coming weeks to craft the Secretary's agenda for Davos and would welcome the opportunity to set up some time before the Thanksgiving holiday to discuss the Annual Meeting with you and your team in greater detail.

I am flying back to the US from Geneva today, but am available tomorrow and early next week if you might have any time to speak by phone.

Many thanks, and look forward to working with you in the days ahead.

Subject State of the Union
Location Capitol Building, House Chamber
Show Time As Busy
As you know the State of the Union is right around the corner. In preparation, we are asking that you please let us know ASAP what time your Cabinet Member will arrive the Memorial Door entrance at the Capitol. Cabinet Affairs, as well as our USSS liaison, Brian Atkins, will greet and escort. Upon arrival, there will be a private hold room in House Majority Leader McCarthy's office, H-107, where the pre-dinner where be held from 6-8pm. Principals can use this holding space to make phone calls and leave their purses, jackets, or any additional items. This hold room is conveniently located next to the Memorial Door entrance/exit.

At approximately 7:45 PM, Cabinet Affairs will escort your principal upstairs to H-219. This is the same hold room that was used last year and is conveniently located next to the Hall of the House entry.

At precisely 8:45 PM, Cabinet will be lined up in precedent order to be seated properly for the President's speech. At 8:55 PM the President's Cabinet will be announced by the Assistant Sergeant at Arms. It is very important to remind your Cabinet member to walk expeditiously to their seat as they will be the last VIP's to enter before POTUS.

We are currently coordinating with White House Communications for the possibility of press availability before and after the SOTU. Following the end of this event, Cabinet will meet their detail at the Memorial Door exit.

If you have any food allergies to report on behalf of your principal, please let us know ASAP so we can clear that in advance.

As always, if you have any further questions or concerns please feel free to reach out to us. We will keep you updated with any changes that may arise.

Thank you,

Ashley Gunn

Earl,

Our letter to the Mexican Growers regarding the renegotiations of the tomatoes suspension agreement stated that the Secretary may preside over the initial consultations. Sally has reached out to the Mexican Growers, and below are the proposed dates. As you can see, they would like to meet this month, but are flexible.

Will the Secretary have time (or will he want) to preside over the initial discussions? If so, what dates are available?

Please let us know how to proceed.

Rescheduled from 1/30

Good Morning –

I work for the Director of the Office of Human Resources Management, Kevin Mahoney, in the Office of Policy and Programs. Recently, my position acquired some of the responsibilities of planning the Honor Awards ceremony. While I know Secretary Ross could not attend the ceremony in September, I have heard that he

would like to participate in a casual recognition ceremony for both the Honor Award recipients, and the Presidential Rank Award winners this January. I have included a little more info about both awards below.

I am writing to you to see if you are able to find time on his schedule for an event like this, or point me to the right direction of who can. I am also including my colleague, Richard Houston, on this email as well for a couple reasons. He is very familiar with the process and efforts it takes to execute an Honor Awards ceremony, and I will be out of the office, but checking email periodically for the next couple weeks.

If we are able to proceed with planning, having an afternoon ceremony may be ideal; however, we can make any availability work. Any date toward the end of January would also be helpful to give us time to reserve the HCHB lobby for the event, coordinate volunteers to help with the effort, determine budget, and contact the award recipients. I believe this event would be something with light refreshments, and perhaps a small speech, but we can work with whatever the Secretary has in mind.

Hopefully this make some sense, and we can fulfill the request for the Secretary to recognize all of the recipients together.

Info on both awards.

Every year since 1949, the Department has honored its best employees with Honor Awards: Gold and Silver Medals. They are the most prestigious awards the Department gives its employees. To warrant a Gold or Silver Medal, a contribution must focus on qualitative and quantitative performance measures reflected in the Department's Strategic Plan and be identified in one of the following seven categories: Leadership, Personal and Professional Excellence, Scientific/Engineering Achievement, Organizational Development, Customer Service, Administrative/Technical Support, and Heroism.

The Civil Service Reform Act of 1978 established the Presidential Rank Awards Program to recognize a select group of career members of the Senior Executive Service (SES) for exceptional performance over an extended period of time. Later, the Rank Award statute was amended to extend eligibility to senior career employees with a sustained record of exceptional professional, technical, and/or scientific achievement recognized on a national or international level. Two categories of Presidential Rank Award are available, Distinguished Rank Recipients, and Meritorious Rank Recipients.

Best,

Mary O'Connor

Subject: Apparel tariffs

Dear Wilbur,

I'm following up on the email I had sent last month about the pending 301 case. We're very concerned about the potential for any new tariffs on apparel and footwear from China. As you know, we already face a disproportionately high tariff liability that undermines our international competitiveness. For example, clothes and shoes account for only 5% of total US imports, yet represent 43% of total US duties collected. Hitting our industry with additional tariffs would harm American families by raising costs on basic necessities. It would also make our industry less competitive against our international competitors.

I would appreciate a chance to discuss this further. I will be around all week.

Best,

Bob

In connection with my prior email, I represent the Ad Hoc Utilities Group (AHUG). This group represents two-thirds of the major utilities providing nuclear power across the United States and includes the following members:

Exelon Generation Company, LLC, Ameren Missouri, Dominion Energy Services, Inc. on behalf of Virginia Electric and Power Company and Dominion Energy Nuclear Connecticut, Inc., Duke Energy Carolinas, LLC and Duke Energy Progress, LLC, Florida Power & Light Company, NextEra Energy Resources, PSEG Nuclear LLC, South Carolina Electric & Gas Company, Southern Nuclear Operating Company, Inc., and Xcel Energy Services Inc.

On behalf of this group, I write regarding the January 16 Section 232 petition filed by two foreign-owned mining companies, UR-Energy USA and Energy Fuels Resources (USA), Inc., requesting that the Commerce Department initiate an investigation to determine whether imports of uranium threatens to impair US national security. The utilities have strong concerns about the petitioners' assertions and proposed remedies, which would in fact harm US national security, including the utilities' security and diversity of nuclear fuel supply.

Prior to any decision by Commerce Department regarding initiation of an investigation, we would like the opportunity to meet with Secretary Ross. A number of Chief Nuclear Officers and senior executives from the AHUG member companies would attend. Please let us know at your earliest convenience if this would be possible, and

particularly if you would be available during the week of February 12.

I look forward to hearing from you.

Sincerely,

Nancy Fischer

Subject: Proactive Calls to Governors Prior to February 26th White
House Business Session

Hi Mike,

Just left you a message to discuss below.

On February 26 from 7:30 am – 11:30 am our Nation’s Governors will be in Washington, DC for the White House Business Session. The White House Business Session includes remarks and dialogue with the President and Vice President along with breakout sessions with Cabinet Secretaries and Senior Administration Officials. The breakout sessions will take place during the first two hours on a variety of topics include workforce, infrastructure, healthcare, combatting the opioid epidemic, prison reform, and rural prosperity.

The White House Intergovernmental Affairs Office (IGA) surveyed Governors in preparation for the Business Session to identify state-federal priorities and continue building the partnership. IGA gathered feedback from 49 of the 55 states and territories. Also, IGA gathered Governors thoughts on improving the state-federal partnership. A key element of the feedback was Governors appreciate the improved state-federal relationship under President Trump, but want more dialogue to tackle our Nation’s challenges.

Action Item for Secretary Ross

White House IGA asks your boss to call the following governors on topics related to rural prosperity and developing our agriculture economy prior to February 23. Governors begin arriving in Washington, DC on that date.

*Note Gov. Ricketts and Gov. Bryant were both at the White House infrastructure rollout.

This proactive engagement is critical to a productive White House Business Session on February 26 for your boss and our Nation's Governors. In addition, this will further build on Trump Administration's strong state-federal relationship.

Potential Talking Points for Consideration for Call:

- * My colleagues and I are conducting some proactive outreach to our nation's governors to discuss shared priorities.
- * One topic the President cares deeply about is rural prosperity and we want to gain some additional perspective from governors on the subject.
- * What are some of the biggest challenges and opportunities you see to growing rural prosperity in your state?
- * How can the federal government work with you as a partner to improve rural prosperity?
- * [FOR RICKETTS AND BRYANT] We very much appreciated your participation in the President's infrastructure announcement event at the White House – we are very hopeful state and local leaders will help push for improvements to policies and regulations.
- * We look forward to continuing this conversation in the days ahead and I very much appreciate your time.

Details for February 26th

Lastly, you will be receiving further guidance for your boss and details for February 26 Business Session in the coming days. This will include line-by-line, items or questions that need to be prepared for, etc.

Attached is our SpendingPulse retail sales report for January. It was another solid month that capped off positive fourth quarter growth and a strong overall year for spending. Last month, retail sales ex. auto were up 6%, year-over-year increase, while ecommerce sales surged by more than 19% compared to the same time last year. Leading sectors include hardware (9.7% year-over-year growth), lodging (7.9%), and luxury goods (7.7%). Employment, consumer confidence, financial markets, and housing prices are broadly supporting consumer spending and are generally supportive of growth moving into 2018.

On a different note, I would welcome the opportunity to continue the dialogue this year on our continued challenges in China. As you are likely aware, we submitted our domestic application in China back in December, but the PBOC has failed to issue a "letter of acceptance" to even acknowledge the submission as it should have done according to its own regulations. We remain committed to market access in China, and we appreciate your partnership in continuing to push for a level playing field on electronic payments between our two nations.

I look forward to seeing you soon. In the meantime, please call if I can ever be helpful.

Subject: Proactive Calls to Governors Prior to February 26th White House Business Session

Hi Mike,

Just left you a message to discuss below.

On February 26 from 7:30 am – 11:30 am our Nation's Governors will be in Washington, DC for the White House Business Session. The White House Business Session includes remarks and dialogue with the President and Vice President along with breakout sessions with Cabinet Secretaries and Senior Administration Officials. The breakout sessions will take place during the first two hours on a variety of topics include workforce, infrastructure, healthcare, combatting the opioid epidemic, prison reform, and rural prosperity.

The White House Intergovernmental Affairs Office (IGA) surveyed Governors in preparation for the Business Session to identify state-federal priorities and continue building the partnership. IGA gathered feedback from 49 of the 55 states and territories. Also, IGA gathered Governors thoughts on improving the state-federal partnership. A key element of the feedback was Governors appreciate the improved state-federal relationship under President Trump, but want more dialogue to tackle our Nation's challenges.

Action Item for Secretary Ross

White House IGA asks your boss to call the following governors on topics related to rural prosperity and developing our agriculture economy prior to February 23. Governors begin arriving in Washington, DC on that date.

State Governor Party

MS Bryant R

NE Ricketts R

MO Greitens R

WV Justice R

*Note Gov. Ricketts and Gov. Bryant were both at the White House infrastructure rollout.

This proactive engagement is critical to a productive White House Business Session on February 26 for your boss and our Nation's Governors. In addition, this will further build on Trump Administration's strong state-federal relationship.

Potential Talking Points for Consideration for Call:

- My colleagues and I are conducting some proactive outreach to our nation's governors to discuss shared priorities.
- One topic the President cares deeply about is rural prosperity and we want to gain some additional perspective from governors on the subject.
- What are some of the biggest challenges and opportunities you see to growing rural prosperity in your state?
- How can the federal government work with you as a partner to improve rural prosperity?
- [FOR RICKETTS AND BRYANT] We very much appreciated your participation in the President's infrastructure announcement event at the White House – we are very hopeful state and local leaders will help push for improvements to policies and regulations.
- We look forward to continuing this conversation in the days ahead and I very much appreciate your time.

Details for February 26th

Lastly, you will be receiving further guidance for your boss and details for February 26 Business Session in the coming days. This will include line-by-line, items or questions that need to be prepared for, etc.

Sincerely,

Doug

Subject: Reception Invite -- Royal Commonwealth Society - US Branch
-- Governor Phil Bryant/Nigel Farage/Lord Howell

Dear Secretary Ross

I trust this finds you well. You might recall our meeting on a few occasions at the Forbes Global CEO Conferences over the years as well as during the Inauguration where I headed up the International and Diplomatic Corps program.

I have been asked by the Royal Commonwealth Society to extend the attached invitation to a February 22nd reception celebrating the formation of it's United States Branch with host, Mississippi Governor and US Chairman, Phil Bryant and special guests, Brexit leader Nigel Farage and Lord David Howell, President of the Board of Trustees for the Royal Commonwealth Society.

The US Branch of the Royal Commonwealth Society was formed to demonstrate support for the enduring "special relationship" between the United States and the United Kingdom post Brexit, and to strengthen the ties with all Commonwealth countries because of the similarities of language, culture, education, trade and investment that already exist. One of the most important pillars of this initiative is to promote trade and investment with all 50 states and the 53 Members of the Commonwealth.

Given the importance the President places on our bilateral relationship with the UK, his friendship with Governor Bryant and respect for Nigel Farage, notwithstanding this all important initiative which will involve events and activities during the course of the year with Her Majesty Queen Elizabeth, President Trump, Vice President Pence, Members of the Cabinet, Ambassador Woody Johnson and other UK and US officials, I thought you would find this of great interest to attend.

Looking forward to hearing from you.

Subject: Meeting with Secretary Ross re: Regulatory Affairs and Federal Management Hearing

Chelsey,

Per our discussion, several weeks ago a decision memo for a witness request at the March 1st Senate Homeland Security and Governmental Affairs' subcommittee on Regulatory Affairs and Federal Management (RAFM) hearing on "Examining the Federal Managers' Role in Hiring" was approved by Secretary Ross, but he made a note in the margins of the memo saying he wanted to meet with the witness prior to his hearing. It was scheduled immediately, but then pulled back so OLIA and Dep. Sec.'s office could all get prepared prior to meeting with the Secretary. We are now prepared to speak with the Secretary. We would like to get on his calendar some time Friday to ensure we are all on the same page going into next week's hearing. Please let me know if you need additional information, thanks!

Subject: RE: Meeting request with Secretary and his staff on behalf of
steel pipe and tube and steel CEOs - from Tamara Browne
Importance: High

Good evening Chelsey,

I wanted to provide this additional information for your review for our
meeting request with Sec. Ross.

The group of CEOs we expect to attend would be from these
companies:

- * Zekelman Industries (nation's largest steel pipe and tube producer)
AL, AR, CA, IL, MI, OH and PA manufactures array of products for
construction, agriculture, automotive, infrastructure and energy
- * Bull Moose Tube GA, IL, IN, MO, OH - products used in construction,
fire protection, automotive and defense applications including tubing
used for the new generation of the Humvee – M-ATV
- * Nucor Tubular making structural tube and conduit products at
facilities in AL, IL and KY
- * Searing Industries (CA and WY), family owned for over four decades
leader in West of structural tubing used in construction and
infrastructure
- * TMK IPSCO leading energy tubular producer (IA, KY, OK, PA, TX)
welded products
- * Vallourec USA, leading energy tubular of seamless products and
drilling components (\$1.1 b investment in new plant in Youngstown,
OH), plants in LA, OK and TX

These individuals are all industry leaders whose companies employ
thousands of workers. Nationwide there are 37,000 steel pipe and
tube employees across the country. This group of companies would

collectively represent approximately one-third of these employees.

The industry has strongly supported the Sec. 232 investigation on steel imports. These leaders would appreciate having the opportunity to provide the Secretary with an overview of the import crisis they continue to face and explain why they support 232 relief and remain optimistic that the Administration will take necessary steps to remedy the problem.

Additionally all of these companies are important customers of the nation's steel producers making flat-rolled (hot rolled) and billets used to make welded and seamless pipe and tube products.

Please let me know if you have any other questions.

Certainly appreciate your assistance with this request.

Have a nice evening.

Best regards,

Tamara

TBD Meeting with ULA

You are cordially invited to attend the launch of GOES-S from Cape Canaveral Air Force Station, Florida scheduled for no earlier than March 1, 2018 at ~5:02 p.m. EST.

The GOES-S satellite will join its sister satellite, GOES-R, in providing forecasters the meteorological equivalent of going from black and white to ultra-high-definition TV. The new satellite can deliver vivid images of severe weather as often as every 30 seconds, scanning the Earth five times faster, with four times greater image resolution and using triple the number of spectral channels compared with today's current GOES satellites.

In addition to monitoring the weather, GOES-S will help keep watch for hazards such as aerosols, dust storms, volcanic eruptions, and forest fires and will also be used for mapping lightning activity, space weather, oceanography, climate monitoring, in-situ data collection services, and search and rescue.

GOES-S is the second in a series of satellites developed and acquired by the National Oceanic and Atmospheric Administration (NOAA) in collaboration with NASA.

In order to RSVP, you will need to follow the blue link (below) to access the GOES-S Launch Guest Website and login. Your login email is the email address from which you received this message and your login password is the unique reservation code below the blue link on this email (below). After logging in, you will be able to submit your contact information and RSVP to attend the launch site event in Florida.

Please do not forward this message, as this information is specific to you and your registered guest(s). Your RSVP will ensure that you and

your registered guest(s) have an opportunity to view the launch of GOES-S. Please RSVP by February 15, 2018.

Guests are responsible for providing their own travel accommodations and transportation. When making travel plans, keep in mind the tentative nature of launches. The launch date is subject to change due to various factors. Please check the main registration page <<https://nvite.jsc.nasa.gov/default.asp?unsiteid=7fb1bbfc3037b6859fec6f6f4e17d6e77274367ef12b56510b0d0c8b78c72c25&preview=1>> regularly for the latest launch information.

Hi Chelsey,

Senator Nelson is requesting a phone call with Secretary Ross at his convenience early next week (or late this week).

Topic is fisheries disaster and marine debris monies from NOAA.

Are there any times that would work particularly well on your end? If helpful, here are a few suggestions from my end:

- * Thursday, March 1st – 10:30am; 4:15pm-6:00pm
- * Monday, March 5th – flexible until 3:00 aside from 11:30-12:00
- * Tuesday, March 6th – 11:45am-12:15pm or after 5:30pm

Feel free to give me a call if you have any questions. Thanks in advance!

Dear Commerce colleagues:

Ambassador Kimmitt asked me to reach out to you on behalf of Dr. Reinhard Ploss <<https://www.infineon.com/cms/en/about-infineon/company/management-board/reinhard-ploss/>>, CEO of Infineon Technologies AG, who will visit Washington March 5-7, and we would like to request a meeting for him with Secretary Ross.

Infineon is one of the world's largest semiconductor companies and has been a long-time designer and manufacturer of chips in the United States for both the private sector and the U.S. Government. I attach here a brief summary of their U.S. operations.

Dr. Ploss would like to share how Infineon is enabling so much of the current innovation in advanced automotive technology, Internet of Things/the industrial internet, energy management, and cyber security in collaboration with its U.S. partners. Infineon would like to continue its investment and growth in the United States and would welcome the opportunity for a dialogue with Secretary Ross on the

semiconductor industry and their vision of growth in the U.S. market.

As we are reaching out to you first, he has quite a bit of a white space on his calendar on those days. I would be your initial point of contact for scheduling purposes and look forward to working with you.

With thanks in advance for your consideration of this request, I remain with best regards.

Subject: Speaking Request

Chelsey and Morgan,

Thanks for letting me follow-up with you regarding NACo's speaking request for Secretary Ross at our Annual Legislative Conference, which is attended by over 2,000 county officials here in Washington. My colleague, Daria Daniel, who is cc'd to this note, can provide you with any information you may require. We certainly understand the time constraints associated with the Secretary's schedule, but would be grateful for any help you can provide.

Best,

I'm writing on behalf of Ambassador Branstad, who will be coming back from Beijing to Washington with his Chief of Staff, Steven Churchill, for meetings Monday, March 5 through midday Wednesday, March 7. The Ambassador would love to see Secretary Ross while he is in town to discuss the latest on U.S.-China economic and trade relations.

I will be assisting with organizing his schedule while he's here in Washington. Would you let me know if Secretary Ross will be in town and available for a meeting with Ambassador Branstad?

Best regards,

Jason Hwang

Morgan, I hope this finds you well. We brought Matt and his colleagues from the Ambassador Bridge in to see Sec. Ross back in August with the help of yourself and Eric Branstad. Matt is hoping to sit down with the Secretary to update him on the status of the second span of the Ambassador Bridge and the competing Canadian Bridge, the Gordie Howe International Bridge.

The urgency in our request revolves around the Canadian permit granted to Ambassador Bridge, as well as the Gordie Howe Bridge announcing this week they want to break ground in the next few months. I've attached a link from a story talking about the Canadians moving forward quickly

Would the Secretary have anything open in the next week or two we could schedule?

Thanks in advance for your help.

Subject: Request to Meet with Secretary Ross by Alibaba President
Mike Evans

Dear Wendy,

Hope all is very well for you. Know the department has had a busy day.

I am writing to request a meeting for Secretary Ross with Michael Evans, our President, on March 8th.

The Secretary and Michael are pretty well known to each other, and Michael wanted us to reach in the hope that he could see the Secretary while he is in Washington.

We met with Deputy Assistant Secretary Turley this week. We appreciated the opportunity to brief him as well as his advice and support for us to seek a meeting with Secretary Ross.

We would like to thank Secretary Ross and the Department for the support with our Gateway 2017 event in June of last year (which convened 2,500 US businesses and farmers in Detroit to learn how they can export to China by using our marketplaces which get them in front of 600 Million active buyers). We would also like to share our plans for Gateway 2018 in the Midwest, and discuss how we intend to be helpful to the Secretary's mission to advance job creation in America and decrease the trade deficit. The businesses and farmers that participated in our 2017 Gateway event came from 48 States. We're looking forward to another strong event that will support US exports and jobs.

Michael's bio is attached for your review.

Thank you for your help and do let me know if you have any questions.

My contact information is below again for reference.

Regards,

Eric

Subject: Chairman Barrasso Meeting Request: Section 232 Uranium
Importance: High

Mr. Rankin,

Thank you for taking my call today. I am reaching out on behalf of EPW Chairman Barrasso in order to help facilitate a meeting with Secretary Ross and representatives of the uranium industry to discuss a Section 232 petition <<http://www.energyfuels.com/wp-content/uploads/2018/01/2017.01.16-Signed-Petition.pdf>> that was filed on January 16th, 2018. It is my understanding that UR-Energy CEO, Mr. Jeff Klenda, recently reached out to request a meeting at Secretary Ross' earliest convenience. I believe that representatives from Energy Fuels Resources Inc. have made similar requests.

Given what's at stake for the future of the U.S. uranium industry with this petition, Chairman Barrasso would greatly appreciate any assistance you can provide in helping to facilitate a meeting between the two U.S. uranium producers and Secretary Ross.

I am told that Mr. Klenda has already passed along his contact information to the scheduling office but if you need any additional information from me or if you have any questions at all, please don't hesitate to let me know. Here is additional contact information for both companies:

Dear Chelsey and Morgan,

Good morning – I hope you are weathering the storm without too much difficulty.

I'm writing to see if might be possible to arrange a meeting between Secretary Ross and Visa Chief Executive Officer Al Kelly. Mr. Kelly will be in Washington on March 13 and 14 if there might be a convenient time to meet. Mr. Kelly had been in touch with the Secretary earlier this week as a follow up to the Secretary's remarks at the Financial Services Roundtable meeting. Mr. Kelly would welcome the chance to provide an update on two important trade matters for Visa related to China and Vietnam.

Thanks so much for your consideration of this request. I'd be happy to provide any additional information that might be helpful if there's anything you need.

Wilbur,

We invite you to our upcoming 93rd YALE CEO forum --- and 14th YALE CEO Caucus in Washington DC. To conserve on CEO travel to DC, the Caucus dovetails with the opening reception of the Business Roundtable later that day.

As the original programs in this CEO space, our events are unique in that they are: completely non-commercial, consistently non-partisan, strictly off-the-record, but very practical and always lively! Also, there are no fees or philanthropic pitches.

BB FYI - This was originally scheduled for Monday, but the call did not happen.

RE: I'm trying to coordinate a call between Secretary Ross and our CEO Tim Timken to talk about the steel tariffs and current negotiations going on for exemptions of countries. I understand the USTR is head on that, and we are putting a call into him as well, but this is more for Tim to talk with the Secretary about the idea (from the 232 report) of getting the industry to an 80% utilization rate and how we keep that as our north star as we begin to exempt countries.

Location WH Cabinet Room
Show Time As Busy
Dear Wendy:

Let me introduce myself, I am the Deputy Assistant to the President and Senior Director for Europe and Russia at the National Security Council, I was chatting to Secretary Ross at the White House yesterday on the margins of the Swedish Prime Minister's visit and we discussed his potential participation in some other high-level European engagements. As an immediate follow-up to this discussion, I am writing to ask if Secretary Ross would be available to provide some brief opening remarks at the U.S.-Baltic Business Summit on April 3rd at roughly 4 pm at the nearby Chamber of Commerce building. This event will take place just after the U.S.-Baltic Summit between President Trump and the three Baltic Heads-of-State that same day. Secretary Ross will be invited to this event at the White House as well.

We would note that the Business Summit is a key White House priority in part because it advances the U.S. National Security Strategy goals on economic security. It will also serve as a venue to amplify White House concerns about China's aggressive trade practices in Europe and the Baltic region. Please let us know if this is feasible for the Secretary. As an additional heads up, we will also be putting the Secretary on the manifest for meetings with the Prime Minister of Ireland (March 15) and for the State Visit of the President of France (April 24).

My staff, cc'ed above, is also happy to answer any further questions you may have about the Baltic Business Summit.

Every best wish,

Fiona

As an immediate follow-up to this discussion, I am writing to ask if Secretary Ross would be available to provide some brief opening remarks at the U.S.-Baltic Business Summit on April 3rd at roughly 4 pm at the nearby Chamber of Commerce building. This event will take place just after the U.S.-Baltic Summit between President Trump and the three Baltic Heads-of-State that same day. Secretary Ross will be invited to this event at the White House as well.

The panel will be moderated by U.S. Chamber EVP Myron Brilliant. The Presidents and Secretary will all be expected to take one question.

Prior to the panel the Secretary will give the keynote address, where he will stand at a podium (we have submitted building blocks already).

Panel question: Please tell us about today's Presidential Summit at the White House. What is the Trump Administration is doing to promote closer commercial partnerships between the U.S. and our friends and allies in the Baltics?

I hope this e-mail finds you well.

I am contacting you as a follow-up of the Norwegian request for exemption from the Section 232 tariffs on steel and aluminum, submitted to USTR and DoC earlier today. I attach the Ambassador's mail with the written submission, for your information. We would like to request a phone call between Foreign Minister, Ms. Ine Eriksen Sørreide, and Secretary Wilbur Ross on the matter.

We hope a phone call could be arranged on Monday April 2. We would suggest sometime between 9:00 and 10:00 AM, but we will of course adopt to the Secretaries availability.

My colleague Torbjørn S. Larssen will be reaching out to you on Thursday to follow-up.

We are looking forward to hearing from you.

 Hi Morgan: Suntory's CEO Tak Niinami will be in DC from Tokyo on Wednesday, April 4th and we are looking to convene a small dinner for him for about 10 people. Tak serves as an economic advisor to PM Abe and he and the Secretary had a 1:1 breakfast last year. Important to Tak are the potential EU tariffs on bourbon (Suntory owns Beam) and the North Korea security situation and it's impact on commerce in the region. My question is would the Secretary and Hilary like to host Tak and a few foreign Ambassadors, local CEOs, etc. for dinner at their home on Wednesday, April 4? Might you be able to gauge Wendy's views? Otherwise we will likely pursue a 1:1 meeting with the Secretary sometime during the day on April 4 if that might work.

Please let me know this week if you can regarding what Wendy recommends – Thanks so much.

Best,

Pete

Dear Valerie and Lesley,

Happy New Year, I hope 2018 is off to a great start for you both.

I'm writing to see if you can help us get a read on the Secretary's potential availability for his next meeting with the President's Advisory Council on Doing Business in Africa. We have identified two good possibilities in April that would coincide with the World Bank Spring Meetings here in DC.

Best option right now is: Tues-Wed, April 17-18

Second option could be: Sun-Mon, April 22-23

Just want to see if either of these dates are in the realm of possibility. If so, we'll follow up promptly with a formal schedule request. Like the last gathering in November, the idea would be to have a dinner or reception event on the first night, and then the Council meeting at the EEOB the next morning.

Please let me know if you need any additional information. Thanks very much.

Wendy, James

As you know, NIST and OSTP have invited Secretary Ross to participate in delivering the opening remarks at the symposium “Unleashing American Innovation” on the morning of April 19th in Washington. Please let us know whether Secretary Ross will be able to participate on that day. If so, we will prepare additional briefing materials for this, as well as suggested talking points.

Secretary Ross would only need to participate at the beginning, from about 8:30 to 8:50 AM. He is obviously most welcome to participate longer, as his schedule permits. A copy of the planned program is attached. It would be greatly appreciated to have his perspectives on “Accelerating American Leadership” included in this high level symposium which relates to the President’s Management Agenda and the CAP Goal “Lab-to-Market” for further enhancing federal technology transfer and IP.

Look forward to your feedback, and to Secretary Ross’ participation in the program the morning of April 19th, if it is at all possible.

Thanks, and best regards,

Walt

Minister Kaag will be in DC for in the third week of April and has asked me to see if it would be possible to set up a meeting with Secretary Ross. From our side, the preferred date for the meeting would be Thursday, 19th of April. For the moment we are still quite flexible with regards to timing, but as you can imagine, she will have a very full schedule, so the sooner we can pinpoint a timeslot, the better.

Could you let me know if a meeting would be possible and, if so, what timing would be preferable to you?

Thanks in advance for getting back to me on this.

Dear Ms. Teramoto,

I was talking to my friend/colleague Scott Pace (ExecSec at the Space Council) and he mentioned Secretary Ross's interest in space-related activities.

Previously, I was the Space Policy Director at the White House in both the Bush 43 and Obama Presidencies. Now I run a space-related consulting firm that focuses on support to foreign governments and

global investors.

I wanted to know if it would be possible to get a meeting with Secretary Ross to provide him some thoughts on where space investments and commercial activities are going in the U.S. and in the world.

There's no other agenda- I'm not trying to sell anything or represent any client's interest- just a general information discussion about space and commerce on an apparent topic of interest for the Secretary.

All the best-

Peter.

Thank you so much for reaching out. Yes, we would love to set up a meeting for our CEO with Secretary Ross on Tuesday, April 24th.

Hubert will arrive Monday night and depart Tuesday night, so he is available all day (preferably in the morning, though). We are building out a schedule for him but, given the importance of this meeting, he will be available whenever it works for the Secretary.

Good afternoon,

We are delighted Secretary and Mrs. Ross will be joining us at the dinner in honor of His Excellency Emmanuel Macron, President of the French Republic, and Mrs. Brigitte Macron at the White House on Tuesday, April 24, 2018 at 7:00 p.m.

Please carefully read the information below to ensure there are no delays in the entry process.

Gates will open at 6:00 p.m. and no guests will be permitted after 6:30 p.m. We ask that all Cabinet Members enter through the East Wing of the White House due to the formal press announcement occurring at the beginning of this event.

We have attached access details for the Secretary's vehicle entrance at the Southeast Gate, located at 15th Street and E Street. After drop-off of their principal, vehicles will stage on Pennsylvania Avenue. At the conclusion of the event, vehicles will return to the same drop-off location for their principal's departure.

The suggested attire is black tie.

If you have any questions or concerns regarding this event, please reach out to the Faith McPherson in the White House Social Office at (b) (6).

Thank you for your assistance, and we look forward to hosting Secretary and Mrs. Ross at the White House.

My name is William Bennett. I was the Secretary of Education for Ronald Reagan and the first "Drug Czar" under President GHW Bush.

I have corresponded with Secretary Ross about an idea we have to help our government in regard to Chinese bonds. The Secretary has

indicated interest in this and I am writing you(at Macy's suggestion) to see if we might schedule an appointment with the Secretary toward the end of this week after he returns from travel? I am free Thursday and Friday except 9 to 1130 Friday.Please let me know if we might schedule a brief meeting. I would bring a colleague or two. There is a briefing paper which has already been sent to and read by the Secretary.

Please let me know if you need any other information.

Thank you.

Subject CBS WHCD Pre-Reception
Location Washington Hilton, Heights Courtyard & Gardens
Show Time As Busy
 Dear Morgan and Chelsey,

We are delighted Secretary Ross and Hilary Ross can join CBS News for this year's White House Correspondents' Association Dinner at the

Washington Hilton Hotel on Saturday, April 28, 2018.

Please find attached, a copy of the invitation to join us at our pre-dinner reception, hosted by CBS News & The Atlantic. To ensure entrance into the pre-reception, please bring a copy of this invitation for you to have on hand.

The pre-reception, which will run from 6pm-7pm, will be in the Heights Courtyard & Gardens, just off the main lobby of the Hilton. We recommend that guests arrive at the hotel no later than 6:30pm in order to clear security. Dinner guests will be ushered into the main ballroom shortly after 7pm.

****Upon arrival at the reception, dinner tickets will be available for pick up at the check-in table. This ticket is required to gain access to the dinner.**

Red carpet access for the evening is located at the T Street entrance to the Hilton. After walking the red carpet, guests will take the escalator up to the lobby level and pre-dinner reception. Guests may also enter from the circle drive on Connecticut Avenue, which is already on the lobby level.

From there, guests will walk toward the back of the hotel, which empties onto the courtyard. There will be CBS News personnel posted at each entrance to help direct you to the reception.

If there are any dietary restrictions I should be aware of, please let me know, and we'll plan accordingly!

I will be your point of contact during the event—should any issues arise, I may be reached by text/call on my cell at (b) (6) or on email: (b) (6)@cbsnews.com <mailto:(b) (6)@cbsnews.com> .

Let me know if you have any questions!

Best,

Ellee Watson

Description: The American economy, despite minor disruptions, continues to provide cause for optimism, with robust employment, broad access to credit, and an aging but resilient bull market. But as Fed-managed interest rates tick higher and the administration's mercantilist approach invites trade battles, how long can the Goldilocks economy—neither too hot nor too cold—continue?

Moderator: Andy Serwar, Editor-in-Chief, Yahoo Finance

Background from the Moderator:

- * How do we navigate a world in transition?
- * Domestic political transitions – new strategies for economic growth
- * China

- * How long can this “goldilocks economy” last? Are we at an equilibrium?
- * Tax Reform – including repatriation of \$
- * Deregulation
- * The new SPACE economy
- * How did he get interested in Space?
- * China – a new strategy to ensure trade is free, fair, and reciprocal

1. Does he have a list of questions that he planning to ask the Secretary, or was the idea that the Secretary would propose topics for the conversation? Can you all send us a list of questions/topics to be covered. It's best that way so what is covered is what you all want him to convey.

2. Just to confirm that this is a one on one conversation/fire side chat closed to the press? Correct, this is a private session and closed to the press.

3. Roughly how many audience members are you expecting? This will be a small high-level group – looking at 20 individuals.

We have 200+ registrations. Attached is the list as of yesterday. I have highlighted the names of our VIPs which include members of the German Bundestag.

Attached is also the agenda.

There are some press registered for the conference, however it is being held under Chatham House Rules.

Either Ambassador John Emerson or former Bundestag member Friedrich Merz will introduce and moderate the fireside chat. I leave it up to your office to decide, and we will adjust the program as necessary.

Both Emerson and Merz are planning on greeting him. Please let me know where they should meet him.

Since Monday is a full conference, I suggest you visit the space tomorrow. We are in room 106 of the Dirksen Building.

Subject Mtg with International Association of Plumbing and Mechanical Officials CEO Russ Chaney
Location Secretary's Conference Room
Show Time As Busy

I am writing to respectfully request a meeting for our CEO, Russ Chaney, with Secretary Ross the week of October 16. Our CEO, and other executives, will be in town that week for meetings with several members of Congress and leaders in the new Administration. Our executive team is based in California and only make it to D.C a couple times a year, so we would appreciate a few minutes to meet with Secretary Ross. Additionally, due to the fact that IAPMO has been a long-standing partner with the Department of Commerce on a numbers of export initiatives, we would like the opportunity to have a discussion with Secretary Ross to highlight a few challenges and opportunities that stem from our work with DOC and the ITA.

A little background on IAPMO, and as you may recall from our previous meetings, we are a nearly 100-year-old trade association representing a significant portion of the plumbing industry. We have long established relationships with local, state and federal and international government officials to protect their water and sanitation services by creating plumbing standards and construction codes that meet stringent requirements for safety and sustainability. Additionally, and something you may be more familiar with, we are the largest third-party testing and certification laboratory for the plumbing industry. In short, we test and certify over 98% of the entire plumbing market in United States — working closely with manufacturers, architects, engineers, and building owners to test products that are being installed and utilized in the United States. You will be interested to know that we have worked with ITA and specifically are an MDCP award recipient for our export work in Southeast Asia. This project, through partnership with DOC, increased US plumbing exports by over 53 percent!

We look forward to hearing from you, and are happy to answer any questions you may have as you consider this request.

Thank you!

		It was a pleasure to meet you at the Saudi – U.S. CEO Forum in New York. I thought the initial panel that Secretary Ross was a participant provided the best overview of where the relationship stands today between Saudi Arabia and the U.S.	

As a follow-up to our brief conversation and your kind offer to set up a meeting with the Secretary, we would like to talk about the current tariff situation and its potential impact on our Company. I have asked my assistant, Brandie Metzger, who's copied on this email, to coordinate a mutually convenient date and time for us to meet with you and Secretary Ross in the near future.

Good morning Mrs. Ross,

Per Ms. Arsht's request, please see attached the invitation to the Atlantic Council Distinguished Leadership Awards. She would be delighted if you and Secretary Ross would join her as her guest.

Also, Ms. Arsht was wondering if you could provide us with the best contact at the Secretary's office so that we can send the invitation officially to him as well.

Please let me know if you are able to attend and do not hesitate to contact me if you have any questions.

Kind regards,

Viviana Moschén-Bates

Subject Call with Mike Burke, Chairman and CEO of AECOM
Location Mike will call Macie's Desk Line
Reminder 15 minutes
Show Time As Busy
 We would like to request a 5-10 minute phone call this week between Mike Burke, Chairman and CEO of AECOM, with Secretary Ross.

AECOM is the largest infrastructure company in the world. Some of its (and its legacy companies) iconic projects include the Golden Gate Bridge, the Hoover Dam and the World Trade Center (both the previous and current one). AECOM's global projects include similarly well-know and recognized edifices.

AECOM (and its partner) are one of two finalists to build The Tower at Dubai Harbour, a project that will produce the tallest building in the world. AECOM's final competition is a Chinese company, Chinese State Construction.

Feedback from the professional procurement staff indicates the AECOM team is a preferred builder given our reputation and experience both globally, and in the region.

American businesses and the public are well aware of the Chinese market antics, tactics that often result in an uneven playing field in the global economy.

Advocating for an American company in global competition is standard fare – precedents abound. We have obtained the endorsement of the Advocacy Center within the Department of Commerce (final questionnaire is attached for your use).

The AECOM team also recently met with the UAE Ambassador, a fan Secretary Ross and a supporter of our efforts. He suggested requesting the Secretary to reach out to his counterpart in the UAE Government. The UAE counterpart to the U.S. Secretary of Commerce is H.E. Sultan bin Saeed Al Mansoori, the Cabinet Member and Minister of Economy.

The purpose of this call is to discuss above. Please let me know what could work.

Many thanks,

Kirk

Chow Kiat, the CEO of GIC, Singapore's sovereign wealth fund, will be in DC on May 16-17. He would like to meet with the Secretary if he is available, preferably on the 16th. He is also meeting with Secretary Mnuchin and Chairman Powell during the trip. GIC is one of world's largest global investors, with well over US\$100 billion of assets in more than 40 countries worldwide.

Please let me know if Secretary Ross has any availability to meet. The best times on May 16th would be 10:30am-12pm or 2:30pm-3:30pm but we could make the 17th after 10am work as well.

Many thanks!

Lisa

Questions:

FIRST QUESTION: Analysts say that President Trump was partly elected by those who feel left behind by globalisation. What can we do to

make the global economy work for them, so they reconnect and none are left behind? How do you suggest we can make multilateralism more inclusive so their voices are brought to the table?

SECOND QUESTION: The Trump administration is characterised by many as one that favours unilateral or bilateral approaches to international policy-making over multilateral ones. Is “America First” compatible with multilateralism?

Subject: RE: Chairman Walden dinner w/ Sec. Ross

Hi Chelsey!

Greg has been putting together dinner's at the Capitol Hill Club with some of the Secretary's that he thinks it is important for members of the committee to build relationships with. That being said, he wanted to put together something with Secretary Ross, himself, and then most likely Telecomm subcommittee Chairman Marsha Blackburn and Digital Commerce and Consumer Protection subcommittee Chairman Bob Latta. I wanted to see if your boss would be interested and then throw out a couple of dates that would work on our end in the next couple of months, and see what worked for you, then I can run those by the other members. He likes to keep these small and it would just be a seated dinner at the Capitol Hill Club that we would host and set it up, all your boss has to do is show up!

Here are the dates that work on our end, and let me know if this is something your boss would be up for!

 Per Earl

We represent the Canadian province of Saskatchewan.
 Saskatchewan's Premier, Scott Moe (bio below), will be in Washington June 6 and 7 and would very much like to meet with Secretary Ross. Premier Moe would like to discuss the section 232 petition on uranium imports with Secretary Ross.

Saskatchewan is the world's second largest uranium producer, accounting for 22% of global output. Uranium from Saskatchewan is responsible for 6% of the electricity generated in the United States. Premier Moe is concerned with the section 232 uranium petition before the Department of Commerce calling for a quota on uranium imports. As the petitioners indicate on page 68 of their petition, the Canadian uranium industry does not benefit from state assistance or subsidies. Premier Moe also believes that uranium imports from a friendly country like Canada do not threaten the national security of the United States.

Hello Morgan, hope all is well.

Westinghouse President and CEO Jose Emeterio Gutierrez requests to have a phone call with Sec Ross in the coming days. The topic is Westinghouse's future business in China and possible inclusion in the trade negotiations with China. Of course this is timely as we believe discussions continue this week. Would it be possible for a 15 minute phone call? Thank you for your consideration. Jeanne Lopatto.

Lauri Fitz-Pegado, Partner, The Livingston Group

Dear Secretary Ross:

I kindly request a meeting with you on behalf of Steve Cornell, Joint President and CEO of Sasol (see attached bio). In June, Steve will be visiting Washington, DC for the first time as a CEO of Sasol. We are requesting a meeting with you on Monday, June 11 (11am-6pm) or Tuesday, June 12 (9am-3pm) given the epic position Sasol holds in the US-South Africa relationship.

I have had the pleasure representing Sasol, an international integrated chemicals and energy company, for the last 13 years. During this period of time, Sasol become the largest foreign direct investor in the United States from Africa with its \$11 billion ethaline cracker and derivatives project in Southwest Louisiana.

This project has involved the transfer of technology and, as of October 2017, the creation of 500 direct jobs which will expand to 700 jobs over the next two years. These new jobs are in addition to the more than 450 full-time positions that support Sasol's existing operations and will bring Sasol's employment to over 1,150 in Southwest Louisiana by 2019. An additional 1,000 contractors will also support Sasol's plants once new units reach beneficial operation. Originally the project was to include a gas-to-liquid (GTL) plant in addition to the ethane cracker plant. Sasol, however, announced in November 2017, that the GTL plant would be delayed indefinitely, as the company focus has shifted to chemicals.

Sasol's project in Southwest Louisiana is currently the largest foreign direct investment in the United States. It also has large investments in Nigeria (GTL plant), Qatar (GTL plant), Mozambique (gas pipeline), and, of course, South Africa where it has a coal-to-liquid plant (CTL).

Sasol has been a stellar corporate citizen in South Africa and in the markets where it invests, including in the United States. In Louisiana, Sasol developed a local workforce plan, which includes a resource guide and scholarship program targeting the estimated 20 percent of the Southwest Louisiana unemployed and undereducated population. It developed the Mossville History Project to capture, preserve, and make available the history of the people and community of Mossville. Sasol is also active in multiple area education-based programs, small business development partnerships, and beautification projects.

Sasol is a unique company in that it was born during a highly controversial period in South Africa’s history. It provided sources of energy for the country and was primarily owned by the Government of South Africa during its evolution from “apartheid” to majority rule. Sasol evolved and is now a privatized company traded on the Johannesburg (JSE) and New York (NYSE) stock exchanges. Sasol is also unique in that it has Co-CEOs; one is the first black South African CEO, Bongani Nqwababa, and the other is the first American CEO of Sasol, Steve Cornell.

Thank you, for consideration of our meeting request. I am available to you at (b) (6) or (b) (6) and, for scheduling purposes, Jane Graham is available at (b) (6)@livingstongroupdc.com <mailto:(b) (6)@livingstongroupdc.com> .

We would love to have the Secretary speak at one of our upcoming breakfast series if he is able. I believe Eric had previously spoken to you about the process, but we typically host them once a month at the Army Navy Club in DC. The breakfast runs from 8 AM to 9 AM, with the speaker answering brief Q&As post-speech from some of our

member companies.

The official invitation is attached— If May 29th does not work, May 30th is also readily available or we could shoot for a date in June that best fits the Secretary's schedule.

Thank you in advance for your consideration,

Alexandra

Per Platt re: Ben, thanks for your note and for the DNI's willingness to discuss this issue w/Senators, if such discussions are necessary following this evening's briefing with Secretary Ross.

My guess is that SSCI Senators Burr, Collins, and Cotton will ultimately want to hear from DNI Coats on this issue as well, but let's wait and see.

As such, the purpose of this email is to make sure we get a couple short briefings (or phone calls) on DNI Coats' calendar so he has what he needs on the two other elements of this issue besides the intel element:

(1) Commerce's action earlier this spring and the action taken last week, and

(2) the status of the ongoing (b)(5) - DPP

Mike, can you identify the right person at DoC who can brief DNI Coats on this some time tomorrow? Perhaps one option would be to a short call from Secretary Ross to give him a read-out of this evening's briefing, but I defer to you and Ben/Stephanie on that.

Kerrie, could you work with Stephanie to find a time for Grant Schneider at NSC/OMB to brief DNI Coats on the interagency portion tomorrow? This would be similar to the call Grant is doing today for Secretary Ross.

Hi Macie and Morgan,

I wanted to reach out to see if Sec. Ross might be available to attend the Meet the Cabinet event next Thursday at 9:15 AM on the Hill.

The Meet the Cabinet Series provides a venue for members to hear from the different members of the cabinet, hear their vision for their department/agency and ask questions. They are off the record and average attendance has been about 40 members. Conference extends the invitation to all members but on average around 40 or so. These meetings are GOP members only. It is closed press and off the record.

The meetings typically last about an hour. Conference Chair McMorris Rodgers introduces the Cabinet Member. In previous ones (I believe this is our 18th) the Secretary/Director gave 5-7 minutes of general remarks on the work they are doing, their goals and vision, and things like that. Then we open it up for Q&A from members which Chair McMorris Rodgers will help moderate. The room is setup as a hollow square/roundtable type setup with tabletop mics for the Guest.

Let me know if he might be available!

Jerry Howard, NAHB CEO

Randy Noel, NAHB 2018 Chairman of the Board (home builder from La Place, Louisiana)

Robert Dietz, NAHB Chief Economist

Paul Lopez, NAHB VP, Communications and Public Affairs

Jim Tobin, NAHB EVP and Chief Lobbyist

Please see the attached letter from NAHB CEO Jerry Howard to Secretary Ross regarding the status of the softwood lumber agreement and the impacts of the tariffs on homebuyers and the home building industry. We would appreciate an opportunity to meet with Secretary Ross to make the American consumer's case for the immediate resumption and resolution of negotiations on a softwood lumber agreement with Canada.

The NAHB leadership has been in Washington, DC, this week and lumber prices dominated their internal conversations, as well as their meetings with Vice President Pence, Federal Reserve Chairman Jerome Powell, , HUD Secretary Ben Carson and key White House staff.

When Jerry Howard met with Secretary Ross this past October we warned that lumber prices would be a drag on home building. Now, six months later, we are seeing record-high lumber prices add over \$7000 to the cost of a home and pricing one million Americans out of homeownership. On a call in March, the Secretary committed to Jerry that his intention was not to "hobble" the housing industry. Unfortunately, we are seeing the hobbling effects on the housing market of a protracted negotiation with Canada.

Again, Jerry would appreciate the opportunity to meet with Secretary Ross at his earliest convenience to discuss this pressing matter.

Secretary Ross and Undersecretary Iancu have discussed a signing ceremony for Patent 10 Million in June that would include the two of them, as well as possible WH involvement.

Wendy mentioned the Secretary's trip to Africa in June. Will you please let us know the dates for that trip, as well as the Secretary's availability the week of June 19th for a possible ceremonial signing event?

Thanks!

-Chris

Subject Call with Texas Governor Greg Abbott
Location Governor will call Macie's Desk Line
Reminder 15 minutes
Show Time As Busy

Texas Governor Greg Abbott would like to discuss JSW USA with Secretary Ross. JSW USA has applied for a limited duration, 21-month, exemption from tariffs on steel slab imports from their parent company in India while they modernize their plate mill and build a new state of the art electric arc furnace in Baytown, TX. They have already begun construction. After the electric arc furnace is built, JSW USA will be 100% American "melt and manufacture," supplying 1 million tons of new American steel a year. The Governor would like to express his support for this temporary exemption.

Additionally, we understand the Secretary is doing an event on Thursday with JobsOhio and JSW to announce another \$500m investment in Mingo Junction, OH.

Please let me know if the Secretary has any time tomorrow. Currently, the best times for this call on the Governor's schedule are:

8:00AM (CDT)/9:00AM (EDT)

Anytime between 12:00PM - 2:00PM (CDT)/1:00PM - 3:00PM (EDT)

If you are not the correct person to help us with this request, please connect us with the appropriate person.

Thanks,

Kim

Kasey/Alex,

Good morning. Following up from our call yesterday, we have coordinated with Gen Hyten's staff, and have blocked time for the morning of 22 June for the breakfast/prep session with Secretary Ross and Mr. Bridenstine. The next step is to work the details, which we will need from you.

I am heading out this afternoon and will be out of pocket on Friday and remainder of the summer attending training courses. I have cc'd Jim LaPierre who will be taking lead on this engagement and members of Gen Hyten's front office staff. Please coordinate with them the details of the breakfast/prep session (time/location/security reqt's if any). As we discussed yesterday, it is important that we have the principals meet prior to the hearing to coordinate message and ensure a successful engagement.

While I am out, I will have access to email, so I ask that you please keep me in the loop as things come together.

Thanks,

DENNIS "JACK" LOVIN, Lt Col, USAF

	Show Time As	Busy Good morning-

The House Science and Armed Services Committees would like to hold a hearing on June 22 to discuss Space Traffic Management and the Administration's new vision. The intended witnesses would be General Hyten (DOD Strategic Command), Administrator Bridenstine (NASA), and Secretary Ross. The other witnesses have already indicated they will participate.

The Vice President's office endorses the hearing and it will be a great opportunity to continue highlighting the Administration's Commerce-focused plans for future space policy. Earl and I recommend Sec Ross participate. Please let me know if we are available and I can confirm.

Also, yesterday Secretary Ross indicated that he would like to meet with recently-confirmed Administrator Bridenstine. Given the upcoming hearing, it would be a nice opportunity for them to meet and compare notes. Please let me know if there is a day or two next week where that might work – I'd be happy to get it scheduled.

Thanks,

James

Reminder 15 minutes
Show Time As Busy
We corresponded in June 2017 to arrange a meeting between Secretary Ross and the Premier of Québec, Philippe Couillard. Premier Couillard ultimately met with the Secretary on the margins of last year's SelectUSA summit.

Mr. Couillard will be in Washington next week (June 25-26) and would like to meet with Secretary Ross again.

I have attached a formal meeting request from our Delegate General. If you are no longer the appropriate points of contact for scheduling, grateful for any assistance you can offer to route this to the correct person in the Secretary's office.

If you have any questions, please do not hesitate to let me know.

Gordon Sondland, nominee for USEU ambassador, would like to meet with Secretary Ross this week if possible. Sondland may be confirmed this week and, if he is confirmed, will go out to Brussels immediately to be in place prior to the POTUS trip for the NATO Summit July 12. He would like to get Secretary Ross' thoughts on US-EU trade issues so that he's prepared for any interactions that may occur on the margins of the NATO meetings.

Can you assist with getting this to the right people in Secretary Ross' office? Michelle Kayser in my office is coordinating Sondland's schedule.

Many thanks, Peggy

Mr. David Abney, Chairman and CEO of UPS, will be in Washington DC July 12th and would welcome the opportunity to meet with Secretary Ross. Mr. Abney would be interested to learn more about current Commerce priorities, discuss UPS's efforts related to international trade, and exchange ideas on how we can be of further assistance in advancing U.S. competitiveness abroad.

As a global delivery services company, UPS understands the importance of enhanced trade facilitation and the benefit from cross-border trade and investment. Our industry directly employs more than one million people in the United States, and indirectly supports tens of thousands of American jobs through its supplier network. Additionally, the growth of e-commerce has multiplied these employment gains, not just in delivery services but also in the firms of all sizes that use them.

We thank you in advance for considering this request for a meeting in Washington next month and appreciate letting me know about feasibility at your earliest convenience. I can be reached at (b) (6)@ups.com <mailto:(b) (6)@ups.com> .

Amgad

Subject: Micron meeting request

Morgan-

Hi, my name is Holly Pataki, Director of Federal Government Affairs for Micron Technology. I am reaching out to request a meeting between Micron's CEO, Sanjay Mehrotra and Secretary Ross. Micron has a situation we are facing in China that Sanjay would like to raise with the Secretary as soon as his schedule permits. We have been working closely with Deputy Assistant Secretary of Commerce for China Alan Turley and Under Secretary of Commerce for International Trade Gil Kaplan along with others located at the US Embassy in Beijing to address our issues.

Sanjay is eager to connect and has made himself available to meet in person mid-next week if possible to line something up Wednesday, July 11th through Friday, July 13th of next week. Understand this is a tall order, but we have a somewhat urgent issue that we would like to get in front of Secretary Ross. We would appreciate anything you could do to make this happen.

Happy to connect over the phone and explain in more detail. Let me know.

Thank you,

Holly

Subject: Call with Secretary Ross?

Dear Macie,

Thank you so much for getting back to me – and so quickly! I really appreciate it. Unfortunately, the Ambassador has a meeting with Secretary Mnuchin at that time.

Ambassador Sondland is available at the following times over the next few days:

- * Tomorrow (Tues. 7/17): 7:30 am, 9:30 am, anytime between 11:30 am and 12:40 pm, 3:30 pm, anytime after 5:30 pm
- * Wednesday (7/18): 7:30 am, 9:00 am, 10:30 am, anytime between 12-1:00 pm, anytime between 2:30 and 3:20 pm, 6:00 pm
- * Thursday (7/19): 10:00 am, 11:30 am, 1:00 pm, 5:30 pm

I understand Amb. Sondland wishes to tell the Secretary about (b)(5) DPP

Thank you again for your time and assistance,
Michelle

Dear John,

I hope my note finds you well and that you had a pleasant July 4th.

Firstly, many thanks for facilitating my colleagues and I recently- we had a very engaging dialogue with Nazak Nikakhtar, discussing areas of mutual benefit with ultimate goal of increasing the presence of our Irish companies across the United States. We are staying in touch with a view to a more substantive dialogue with Irish C-Suite and the Department near the later part of this year.

Separately, I wondered if you might have a gap for a quick phone call (c-20 minutes) this week or next to discuss the potential of Secretary Ross visiting Ireland in 2018. This is something he had mentioned to me and I have heard that it may be in the pipeline for this year and we would be keen to engage with a view to hosting the Secretary for an event with C-Suite and ultimately, assisting you and the department at a higher level.

Perhaps let me know your diary and I can work around your schedule- look forward to speaking soon.

Warm Regards,

Ian Hyland

Subject Attend - Made in America Product Showcase
Location White House State Floor and South Lawn (greeted and escorted from West Exec)
Show Time As Busy

All members of the cabinet will be invited to the 2018 Made in America Product Showcase on Monday, July 23, 2018 on the White House State Floor and South Lawn. This event will be “open house” style, meaning members of the cabinet are able to come and go as they please.

The purpose of this event is to highlight American made products in an attempt to encourage other companies to manufacture their products in America.

Building off the success of the 2017 Made in America Product Showcase, the 2018 event will provide an opportunity to highlight the Administration’s commitment to products that are made in America. The White House will use this opportunity to highlight and celebrate every state’s effort and commitment to American made products by including products from each state in this showcase.

In order to highlight American-made products that will encourage additional companies to manufacture in the United States, the National Economic Council, the National Security Council, and the Trade and Manufacturing Policy teams have proposed including companies whose products meet the Federal Trade Commission’s “Made in USA” standard for products sold as such in the United States.

We will send additional details as we come closer to the dates.

Thank you,

Subject: Temasek Meeting Request for July 23 or 24

Dear, Morgan.

Mr. Lim Boon Heng, Temasek's Chairman will be traveling to Washington, DC on July 23-24 (departing mid-day on the 24th). Last year, Secretary Ross was kind enough to meet with Mr. Lim and we are hoping he might have some availability to visit again this year so we could provide an update on our investment plans in the U.S. and share our perspective on the investment climate in the U.S. and abroad.

I realize the date is a ways off, but wanted to provide as much advanced notice as possible. I'd be happy to provide additional information or answer any questions you may have. Thanks very much

for your consideration.

Subject: Meeting request with HSBC Group Chairman - July 24

Brian,

I hope Select USA was a huge success!

I have a meeting request I am hoping you would be willing to submit to the Secretary's team for consideration.

We represent HSBC North America, and HSBC's Group (HSBC Holdings plc) Chairman, Mark Tucker, will be in Washington, DC, on July 24. Mr. Tucker (bio attached) would like to meet with the Secretary to discuss trade issues with Asia and provide HSBC's observations on Brexit. Given HSBC's operations globally and particularly in these two regions, they can provide a unique perspective regarding ongoing trade dynamics and emerging issues.

Please let me know if you need any more information. Thank you for considering.

 Macie, Morgan,

I hope you are both well. Secretary Fox will be visiting Washington again on 24 and 25 July. His main availability for calls will be on 25 July. Seeing Secretary Ross will obviously be a priority for him. Would Secretary Ross have any availability on 25 July (we've already pencilled in a call on Ambassador Lighthizer for 11:00 – 12:00).

Good Morning Michael!

I am following up on the letter sent to Secretary Ross from Chairman Goodlatte on July 20. Would you, please assist me with arranging a phone call between the Secretary and the Chairman?

Might there be a time this Thursday afternoon, this Friday (flexible most of the day), or next Monday (some flexibility am and pm) or Tuesday (flexible most of the day) July 30 – 31?

I thank you in advance!

RE: Idaho Governor Butch Otter would like to speak to Secretary Ross regarding Boise, Idaho-based Micron Technologies. Micron is the world's third-largest memory chip maker used in smart phones, computers and other devices. Last year, China accounted for almost 60% of Micron's revenues. Micron is concerned that China is using the trade tension to punish Micron, who rejected a \$23B takeover from a state-controlled Chinese company three years ago. Governor Otter is hoping that a call would be helpful to raise awareness. (You may recall that the Secretary recently spoke to the CEO of Micron on July 18.)

Subject Call with AK Steel CEO Roger Newport
Location He will call Macie's Desk Line
Reminder 15 minutes
Show Time As Busy

AK Steel CEO Roger Newport would like to request a phone call with Secretary Ross to discuss the steel Section 232. Roger would like to first thank the Secretary for his all his work to put in place and defend a 232 program that can meet the President's objective of restoring the domestic steel industry's health in order to ensure we are capable of producing materials necessary for our national and economic security interests. That said, there are some exclusion request decisions before DOC that could have a major impact on whether or not the objectives of the 232 program are met. In particular, Roger would like to discuss the ATI-Tsingshan stainless steel slab exclusion request and the impact it could have on the stainless steel market in the U.S.

In addition, he would like to discuss an issue we face as the last electrical steel producer in NA, which is foreign electrical steel producers' circumvention of the 232 relief through downstream products and the need to add these downstream products to the 232 scope as soon as possible.

Can we work on finding a date and time when the two of them can have a short phone conversation?
Thanks!

Rick Cooper, CEO, W&W-AFCO Steel

David Harwell, President, Central Texas Iron Works

Nova Daly, Wiley Rein LLP

Chris Weld, Wiley Rein LLP

On behalf of a coalition of fabricated structural steel producers, we respectfully request a meeting with you at your earliest convenience to discuss the import crisis facing the U.S. fabricated structural steel ("FSS") industry. FSS is the backbone of the nation's infrastructure system, including projects such as bridges, airports, oil and gas facilities, utility projects, chemical plants, medical facilities, and ports. The industry consists of more than 1,700 producers, many of which are small- and medium-sized businesses, employing tens of thousands of American workers in virtually every state in the country.

Over the past several years, the U.S. market has seen unprecedented levels of unfairly traded FSS imports from China, Canada, and Mexico, causing substantial injury to the domestic industry. This injury is impacting workers across the entire domestic steel supply chain, including steel producers that rely on the FSS industry for a substantial portion of their sales. The domestic FSS industry has advocated that tariffs under the Section 232 remedy be extended to FSS. While certain FSS products are included in the 232 coverage (HTS 7216.99), the primary HTS categories covering FSS are not (namely, HTS 7308.90 and 7308.10). This lack of coverage is extremely harmful to the FSS industry.

We would like to meet with you to request that the Department self-initiate antidumping and countervailing duty investigations into FSS from Canada, China, and Mexico. As you have recognized, self-initiation is an important trade tool for the Department, particularly

with respect to industries that may have difficulties meeting the standing provision, funding a case, or that may face retaliation. These are the exact challenges facing the FSS industry, which is a large and fragmented industry and highly vulnerable to retaliation. The domestic FSS industry is already working closely with the Department's self-initiation unit and has provided information demonstrating the substantial material injury the domestic industry has suffered as a result of unfairly traded imports. We will continue to work with the Department to provide additional information regarding dumped and subsidized FSS imports from China, Canada, and Mexico and their effect on the U.S. market.

Alternatively, inclusion of FSS under the 232 remedy could also address many of our concerns. Taking either of these steps will help provide critical support to a vital segment of the U.S. manufacturing base and help prevent circumvention of the Administration's existing trade actions relating to steel. We would appreciate the opportunity to discuss these actions with you in more detail. We anticipate that David Zalesne, President of Owen Steel and Chairman of the Board of the American Institute of Steel Construction (AISC), as well as CEOs of a number of other large FSS producers would attend the meeting.

Thank you for your consideration of this request.

Sincerely,

Alan Price

Dear Wendy, I hope you enjoyed the 4th of July holiday.

Secretary Gutierrez has asked me to follow-up on dates when we could coordinate a meeting between Secretary Ross and the company he mentioned (also covered in the clip in the below e-mail.) He understands that the Secretary will be on travel, but due to the urgency and circumstance he wanted to try to find a few minutes of his time at his earliest convenience. Would any dates in the coming weeks be feasible to schedule a quick meeting? Secretary Gutierrez can do as early as next week Monday or Friday, July 19, 20, and onwards.

He also wanted to share for awareness that the company has already taken the appropriate steps and made their formal request for product exclusion through the appropriate channels.

Best regards,

We have not had the pleasure of meeting, but I understand from speaking with Dina this morning that you now handle the Secretary's schedule. I write to request a meeting for Dr. Thomas Kennedy (Raytheon Chairman and CEO) with Secretary Ross.

>

> Dr. Kennedy would like to discuss the challenges in securing Congressional approval for several large defense sales by Raytheon to Saudi Arabia and the United Arab Emirates that support the President's agenda of building deeper security partnerships with these countries. The issue has previously been discussed with Steve Renna and members of his team. In addition, as our company is active in more than 80 international markets, Dr. Kennedy could also compare notes with the Secretary on other regions of mutual interest. The two last met formally in May of 2017, but have seen each other at various White House events earlier this year.

>

> We understand the exigencies of the Secretary's schedule. Dr. Kennedy will be happy to meet whenever it is possible, but preferably the week of August 20.

>

> Thank you for your consideration, and please do not hesitate to contact me with any questions you have.

Subject Remarks/Visit - Century Aluminum Ribbon Cutting
Location Century Aluminum - 1627 State Rte 3543, Hawesville, KY 42348

Show Time As Busy

Proposed Agenda:

1:00 – 1:45 PM Short tour/meeting with appropriate execs

1:45 – 2:00 PM Informal meet and greet with workers

2:00 – 2:30 PM Ribbon cutting ceremony

2:30 – 3:00 PM Media

Century Aluminum is restarting three of its currently idled potlines at its smelter in Hawesville, Kentucky, and would like Secretary Ross to participate in a ribbon-cutting event at the facility on any day that he is available from June 18, 2018, through Labor Day.

While the first of the three potlines to restart will be on June 18, 2018, the company is flexible in scheduling the official ribbon-cutting date. It will issue a press release and public announcement on the day that Secretary Ross would attend the event.

Century Aluminum wants to invite other political leaders to the ribbon cutting, including Sen. Mitch McConnell, who has been supportive of Century Aluminum, Sen. Rand Paul, Kentucky Republican Rep. Brett Guthrie, and Kentucky Governor Matt Bevan.

Background: Century Aluminum is restarting the three potlines lines because of the 10 percent tariff being imposed on imported aluminum due to the Section 232 investigation. The tariff has been in place for two months and has leveled the playing field for Century, which will invest \$150 million in upgrading the Hawesville smelter. The company plans to hire back 300 workers, with an average annual compensation per worker of \$90,000 to \$100,000.

Century Aluminum shut down three potlines in Hawesville, which convert alumina into aluminum using electrical current, in 2015 after global prices for the metal collapsed below the cost of production due to global overcapacity and foreign subsidies. It kept two pot lines at the plant operational.

The Section 232 tariffs are helping the U.S. industry recover from having lost 72 percent of its production since 2000 due to foreign government subsidies of new aluminum plants. The U.S. aluminum industry has announced plans to add 63 percent additional capacity this year due to the tariffs. If the tariffs are finalized, the industry could add even more capacity, according to Gary.

Century Aluminum holds Sec. Ross in the highest esteem for his ardent support of their industry.

Thank you for your help in setting up the call between Micron’s CEO and Sec. Ross last week. As a follow up to their conversation, Sanjay will be coming in town the week after next and would like to request an in-person meeting with the Secretary.

As mentioned in my original request last week, we have been working closely with Deputy Assistant Secretary of Commerce for China, Alan Turley along with others located at the US Embassy in Beijing to brainstorm ways the USG could help address the issues we are facing in China. My boss mentioned a couple of the ideas we’ve had as a part of the conversation he had with the Secretary. Sanjay would like to continue the conversation and thought it best to do so in person.

Sanjay would be available to meet on Thursday, August 2nd. We can be flexible in terms of a meeting time and would appreciate anything you could do to make this happen.

Let me know if you or others need more info to move forward with the request.

Thanks again,

I write to request a meeting with Secretary Ross on behalf of Steven Kean, the CEO of Kinder Morgan, Inc. (KM). KM is headquartered in Houston, Texas and is the nation's leading developer of energy infrastructure. KM has been a strong supporter of President Trump's national security and energy policy objectives.

Mr. Kean proposes to discuss with Secretary Ross the company's need for clarity, certainty, and finality for infrastructure project planning. In this regard KM is asking Commerce to exclude from the President's steel tariff certain highly specialized steel pipe needed to construct the 514 mile, \$1.75 billion Gulf Coast Express Pipeline. The GCX Pipeline is a major energy infrastructure project that will create 2,500 high-paying construction jobs and around \$2.9 billion in U.S. GDP and economic development. The project will contribute to enhanced U.S. national security interests through added domestic oil and natural gas production in the Permian Basin, improved processing and refining capabilities along the Gulf Coast, and increased U.S. energy exports and a reduced trade deficit. The GCX Pipeline will have sufficient natural gas capacity each day to electrify roughly 50,000 homes for an entire year.

Please let me know if certain dates/times are most convenient for Secretary Ross. Thank you in advance for your consideration of this request.

Kind regards,

Topic:

Under the FERC relicensing process, the National Marine Fisheries Service (NMFS) at the Department of Commerce is holding FERC, DOI, USDA, and Rep. Denham's constituents hostage and ignoring scientific evidence to support an agenda-driven decision by one NMFS regional office. They are attempting to make CA-10 constituents pay hundreds of millions of dollars for experimental fish passage that is not backed up by any scientific evidence. If this proceeds on its current track, Don Pedro and Rep. Denham's constituents will be hit with the most expensive hydropower relicensing bill in history, and it will be entirely paid for by Rep. Denham's constituents in one of the most economically depressed regions in the county. This will shut down hydropower generation that provides electricity to over 200,000 people, would be an extremely anti-commerce decision, and antithetical to the President's anti-regulatory agenda.

In order for KPMG to render an opinion on the FY 2018 consolidated financial statements, they must fulfill the requirements of Auditing Standards (AU) 240, Consideration of Fraud in a Financial Statement Audit, by gathering information from the Department's management and others regarding their awareness and understanding of fraud.

KPMG's interview with the Secretary fulfills a portion of its AU 240 responsibilities. The remaining responsibility is fulfilled with interviews of various bureau CFOs, General Counsel, and other high-level Department and Bureau Directors. The auditor's inquiries to Secretary Ross address the potential of fraud within all components of the Department as well as his general understanding and awareness of fraud.

The auditor's interview of the Secretary is typically required to be completed by fiscal year end. For the current fiscal year, the auditor is allowing some flexibility due to the new administration and other commitments.

As I mentioned earlier, we've processed an informational memorandum to Secretary Ross that provides additional background and details (attached) that went to Exec Sec today. (b) (5) - DPP

Dear Secretary Ross:

Alvin B. “Buzzy” Krongard, a member of the Board of Directors of Iridium Communications (“Iridium”), said he had a wonderful conversation with you at a recent dinner. Buzzy told Matt Desch, Iridium’s CEO, that you are interested in discussing various issues relating to space situational awareness and control that the Department of Commerce (the “Department”) will be facing over the next few years. Buzzy also mentioned that the Department is dealing with a related issue concerning launch licenses and airspace management.

Accordingly, I write to request an introductory meeting with you to discuss any space-related issues of interest to you and to provide an update on Iridium’s progress in deploying its next generation satellite constellation. The Iridium team will include Mr. Desch; Maureen McLaughlin, Iridium’s Vice President of Public Policy; Bryan Tramont of Wilkinson Barker Knauer; and me. We will endeavor to meet with you at a time of your convenience.

We very much appreciate your time and attention to this matter and look forward to hearing from your office.

Very truly yours,

Rob

President Suma Chakrabarti
Location Secretary's Conference Room

Topics: Opportunities for U.S. companies in EBRD's countries of operation, given the U.S. leading role as an international investor. Pres. Chakrabarti understands the Secretary will lead a delegation of U.S. business to Greece; that is obviously one area of immediate focus but Chakrabarti would also like to brief the Secretary on EBRD's wider corporate agenda, both in the Bank's existing region through the Strategic Review and potentially beyond. Note: President Chakrabarti met with Deputy Secretary Bruce Andrews in April 2016.

Other Participants: President Chakrabarti would be accompanied by EBRD's Alexia LaTortue, Managing Director, Corporate Strategy (and former U.S. Treasury official), Edward Bannerman, Director of the President's Office, and possibly U.S. Executive Director Judy Shelton.

Other meetings: President Chakrabarti will meet:

- * White House Deputy National Security Advisor Mira Ricardel
- * State A/S for Europe and Eurasia Wess Mitchell
- * State A/S for Energy Francis Fannon
- * USAID Administrator Mark Green (requested)
- * Treasury Secretary Steven Mnuchin (requested)
- * Treasury U/S David Malpass (requested)

Bio of President Chakrabarti: <https://www.ebrd.com/who-we-are/ebrd-president-sir-suma-chakrabarti.html>

We look forward to your advice on availability and how to proceed.
Many thanks for your kind consideration of this request.

Hi Lesley,

Unfortunately, those dates don't work for the Minister – he'll have to remain in Argentina to chair the G20 Steel Forum. Would SWR have availability for a meeting the week of September 24? He's able to travel to DC or NYC (should SWR be attending the UNGA meetings there). We'd just be looking for SWR to have a bilat meeting.

Thanks so much for your help on this.

All the best,

Reminder 15 minutes

Show Time As Busy

I hope you saw my email yesterday about DHL announcing it will purchase 14 new Boeing 777 Freighters, with purchase rights for 7 additional freighters, at a total current list price of \$4.7 billion. We have already been making big investments into the U.S. for our own operations, creating thousands of jobs, but this helps create and support many more manufacturing jobs as well.

I am reaching out today, as it has been a year since Mike Parra as CEO for DHL Express Americas met with the Secretary, and a lot has happened. For one thing, when we met last year, DHL had added 1,000 jobs in the U.S. since the President took office. We can update that number now to be nearly 5,000 new jobs at DHL in the last two years. Therefore, I would like to formally request a meeting with the Secretary sometime during Mr. Parra's next trip to DC September 5-7. Please find my formal letter attached.

Obviously, trade and the free and safe movement of goods across borders is paramount to our operations, and Mike would like to discuss what we are beginning to see in our trade volumes. He is also

very interested in talking about the urgency of finding a solution on wrapping up the NAFTA negotiations, to avoid further uncertainty. Mike oversees the entire Americas region, but this tri-lateral relationship is of the greatest importance to our customers, employees, and overall operations.

I look forward to hearing back from you on the potential for a meeting. Let me know if you have any questions.

Best regards,

-Roger

Subject: SCC Meeting Dates

Hi Morgan and Chelsey,

I am new to Commerce and work for Assistant Secretary Rich Ashooh in BIS. He recently spoke with Secretary Ross, and the Secretary requested a meeting with the ZTE Special Compliance Coordinator Roscoe Howard and his team. Are there any dates/times that work best for the Secretary over the next couple of weeks?

I've reached out to Roscoe, who is reviewing date possibilities. He and his team will actually be meeting here at Commerce with BIS all day on Monday, September 24.

Thank you,

Jessica Curyto

Hi Lawson,

Hope you all are doing well. My CEO Al Kelly wanted to see if it might be possible to arrange a call with Secretary Ross this week. Mr. Kelly wanted to provide an update on issues we are facing in India concerning electronic payments services and data localization.

Let us know if there might be a time that might be convenient for the Secretary for a short call.

Thanks so much for your consideration.

Subject Mtg with Barbara Smith, CEO of Commercial Metals Company
Location Secretary's Office
Reminder 15 minutes
Show Time As Busy
Dear Morgan and Chelsey,

I hope all is going well with you and know this is a busy time for the Secretary and for the Commerce Department.

Barbara Smith, Chairman, President & CEO of Commercial Metals Company (CMC) will be in Washington DC the week of September 3rd and would be honored if Secretary of Commerce, Wilbur Ross, would have time to meet with her on Wednesday, September 5th or Thursday, September 6th, at any time convenient for the Secretary.

As you may know, CMC recently opened a new state of the art steel mill in Durant, Oklahoma in April this year. Without the Commerce Department's dedication to enforcing our trade laws, as well as its actions under the Section 232 tariffs, CMC would not be able to keep up with foreign competitors, let alone expand its business and create new jobs here in the United States, such as the new plant in Oklahoma. For these reasons, CEO Smith would be honored to meet with the Secretary to thank him and the Administration for its great work, brief him on the U.S. steel market, and discuss any matters important to the Secretary.

As background, CMC was founded in 1915 in Dallas, Texas and today has nearly 10,000 employees and 123 locations across 23 states. It operates five EAF (electric arc furnace) steel making plants producing over 3.5 million tons of product each year. In addition, more than 40 of those locations are rebar fabrication facilities, giving CMC a fabrication capacity of over 1.5 million tons. From highways and power plants to the Lackland Air Force Base and the Pentagon, CMC's American-made rebar is central part of critical infrastructure all over the country.

I greatly appreciate your assistance and look forward to hearing from you soon.

Thank you very much,

Nova J. Daly

Great seeing you last week; thanks again for taking the time. I wanted to follow-up and let you know that I did receive your voicemail concerning the card. It's in the works – a bit of a delay due to some folks (me included) being out of the office. Can we look to schedule 5-10 minutes with the Sec anywhere and anytime most convenient for him after the 8th for the exchange? Thanks again, and please let me know if you have any questions or concerns-

Minister Freeland would appreciate an opportunity to speak with the Secretary over the coming days on the subject of US National Security (232) investigations. Would it be possible to arrange a call? We can make anytime tomorrow (Oct. 12) work on our end. Alternatively, a call this weekend is possible or Monday from 10am to 1:30pm or Tuesday from 12pm to 1:30pm.

Thank you for your assistance and congratulations to your team for the outcome of the USMCA negotiations.

These pre-release briefings are a standing invite for the Secretary and/or his/her designees that are provided the morning of each month's Press Release (dates vary/end of month). It is an internal, embargoed briefing beginning at 8am, and attendees may not leave until the estimates are publicly released at 8:30am.

Office of Secretary Ross,

At the beginning of Secretary Ross' administration, BEA was asked to

submit a file containing the dates for all of our monthly GDP Press Releases for 2017 so that if he wanted to request an advanced briefing the morning of the actual release, the dates and applicable information would be on file with your office. Accordingly, please find attached an updated version that references the dates for our 2018 GDP press releases.

If I can be of any further assistance, please don't hesitate to contact me.

Earl,

I hope you are doing well. Please see the attached invitation for Secretary Ross to participate in the SC International Trade Conference, which is held on Monday, October 29 through Wednesday, October 31st in Charleston SC. Thanks so much for the consideration. Let us know if you have any questions.

U/S Kaplan spoke with Earl Comstock yesterday about a potential briefing tomorrow for the Secretary on biodiesel. Participants would include U/S Kaplan, Gary Taverman (E&C), and Bob Heilferty (E&C).

Does the Secretary have time for this briefing tomorrow?

Any update you can provide would be helpful!

Thank you!

On behalf of Southwire, I'm reaching out to request a call between Secretary Ross and Southwire's CEO, Rich Stinson. Rich would like to update the Secretary on Southwire's concerns with the omission of certain products from the Aluminum 232 tariffs and the timing of potential impacts to the company. As you may recall, Rich had a call with Secretary Ross back in June and also met with the Secretary when he visited Southwire's facility in Hawesville, KY in late August.

I'd appreciate your advice on how best to proceed.

Hi Morgan and Macie –

It would be helpful if the E & C team could meet with the Secretary to talk about (b)(5) DPP . Gil has previously provided the Secretary a memo on the matter and the Secretary had questions. It is somewhat time sensitive.

Could we do a meeting at 12:30 or 1:00 pm tomorrow (Thursday)?

Thanks.

Show Time As Busy

Good afternoon James, nice to connect again. Sorry we missed Secretary Ross at our recent event in NYC, but we are producing another big event in Washington after the midterms and would love to have an on-camera interview with the secretary there.

Here are the details: Yahoo Finance and Yahoo News are co-hosting a post-Midterms Election Special on Tuesday November 13th at the

Newseum in Washington D.C.

The event will be produced in front of an audience of about 150 people, and live streamed to millions online on Yahoo News, Yahoo Finance and a dozen other Verizon digital properties. Ten million views is the average audience for each of the five previous special events we've recently produced.

The format is 1-1 interview on stage, or a panel if preferred. We're bringing together some of the best political/economic minds in the country to examine the policy implications of the midterm elections as lawmakers return to D.C. and a new Congress gets set to govern.

As you may know Yahoo Finance is the #1 financial news platform in the world with 65+ million unique users a month, more than CNBC, WSJ, Forbes and Bloomberg (Aug 2018 per comScore). We're also ranked in the top 10 U.S. media publications. That huge audience comes to us for the best video, interviews, and stories on business, the economy and the markets. They also rely on our data for tracking the markets and their investments. We even power Apple's stocks app.

I can give you a lot more information on the overall themes of the event and of course can jump on the phone to discuss anything.

WHEN: Tuesday November 13th at 9am

WHERE: Washington D.C. - at the Newseum 555 Pennsylvania Ave NW, D.C. 20001.

Our previous Yahoo Finance summit guests have included Barry Diller IAC Chairman, Sean Spicer Fmr. White House Press Secretary, Valerie Jarrett Fmr. Sr. Advisor to President Obama, Tim Sloan Wells Fargo CEO, Jes Staley Barclays CEO, Derrick Johnson President & CEO NAACP, Adena Friedman Nasdaq CEO, Kevin Hassett Chairman White House Council of Economic Advisers, Rob Manfred MLB Commissioner.

We invite lots of media and they come, such as WSJ, Reuters, CNBC .. and many others. You can see clips of our most recent event here.

Some of the latest Yahoo Finance interviews have included: Goldman Sachs CEO Lloyd Blankfein, JPMorgan Chase CEO Jamie Dimon, Treasury Secretary Steven Mnuchin, Fmr. Starbucks CEO Howard Schultz, former Microsoft CEO Steve Ballmer, former Google CEO Eric Schmidt, HBO CEO Richard Plepler and Berkshire Hathaway CEO Warren Buffett.

Please let me know if you can join us for this great event, we'll do whatever you need!

Thanks, Kevin.

Hi Ross,

Caitlin Shannon (formerly with Chairman Nunes and now with Capitol Counsel) gave me your information and suggested I reach out to you with a meeting request. I am reaching out on behalf of iRobot, an American company headquartered in Bedford, Massachusetts who is now being impacted by the Section 301 list 3 tariffs. iRobot's CEO Colin Angle will be in town on November 14th and we were hoping to set up a meeting with Secretary Ross, or the Deputy Assistant Secretary in order to discuss how this American company is being impacted and next steps.

I am happy to provide any additional background information on the company or meeting participants including the CEO. Please just let me know and I will get that information over to you.

Best,

Thank you for connecting me with the DOC Scheduling staff. Based on our discussion, my request is a follow-up 20 minute telephone discussion with Secretary Ross, based on an earlier discussion between Secretary Ross, Chairman Babin, Senator Cruz and myself at the residence of the Vice President on June 18, 2018. At that event, Secretary Ross, Senator Cruz and Chairman Babin requested my candid views on:

1. Ideas on Secretary Ross' "One Stop Shop" implementation and resulting FAA and DOT or DOC organization to affect this goal.
2. New methods to jump start a robust return to the Lunar Surface in response to Presidential Space Directive 1.

Since that time, the NASA Response to The NASA Transition Act of 2017; The National Space Exploration Report; Sept 2018, has been received and reviewed in detail.

As an aside, prior to the June 18 event I had never met either Secretary Ross or Senator Cruz. However I am well known by Leader McCarthy and Chairman Babin, and many other members of Congress.

I'm located in Central California (Leader McCarthy's district) and will make myself available is desired.

Very Respectfully,

Stuart

Mike – Thank you so much for making the time to catch up this week.

I wanted see if makes sense for my CEO, Jim Taiclet
<<http://www.americantower.com/corporateus/company/leadership-team/index.htm>> (bio linked), and the Secretary to meet to discuss the Secretary's goals for the U.S. India CEO Forum? Jim will be in DC Nov 14th and 15th and could come by the Department if that makes sense. Let me know what you think when you have a free moment.

I am copying Peter as well as we discussed this earlier.

Thanks for keeping this on the radar.

Cheers, Becca

Ethics:

As explained below, the Secretary may accept the invitation from the Coalition for Inclusive Capitalism to attend its annual dinner under the widely-attended gathering exception to the gift restrictions.

The dinner brings together 40-45 attendees, including CEOs from the business and investment community, U.S. Government officials, one foreign government official, and leaders/experts from academia, NGOs and think tanks. This dinner occurs the day before the Conference on Inclusive Capitalism, at which the Secretary will be delivering official remarks.

Under Federal ethics regulations, a Government official may only accept a gift offered because of his Government position (or offered by someone having business from the Department), if there is an exception to the gift restrictions. In this case, the relevant exception is the widely-attended gathering exception. An event is considered to be “widely-attended” if it is expected that a large number of persons representing a diversity of views or interests will be attending, which will provide the opportunity to exchange ideas and views among the invited persons. See 5 C.F.R. § 2635.204(g).

Given the number and backgrounds of the individuals who will be present at the dinner, the Secretary will have an opportunity to discuss matters of mutual interest with a large and diverse group. Therefore, it would be reasonable to determine that attendance will further interests of the Department and that this benefit outweighs the appearance of any loss of impartiality.

As the agency head, Secretary Ross acts as his own designee in consultation with a designated agency ethics official for purposes of making the necessary determination. 5 C.F.R. § 2635.102(b). This email serves as evidence of the necessary consultation.

Acceptance is also consistent with the Ethics Pledge because the Coalition is not a registered lobbying organization.

Mrs. Ross may also accept the complimentary invitation because the circumstances indicate that the invitation was not extended to her based on her relationship to the Secretary. She has attended this dinner in the past, the invitation was sent to her personal email, and there appears to be a social relationship between the inviter and Mrs. Ross. The ethics restrictions are not implicated in this type of situation.

If you are also asking about the dinner invitation the day before, I would need the same information that I just requested for the Inclusive Capitalism dinner, specifically:

1. Can you please tell me the approximate number of people who are expected to attend the dinner?
2. What are the general backgrounds of the attendees? (For example, representatives from industry, trade associations, academia, think tanks, NGOs, media, Government officials, foreign government officials.)

Ethics OK

As explained below, the Secretary may accept the invitation from News Corp to attend a dinner event on December 4, 2018 at the Japanese Ambassador's residence to discuss Japan's emerging role in the world and how businesses prepare for shifting demographics, global markets, and disruptive technologies.

The invitation qualifies as a widely-attended gathering under the exception to the gift restrictions. Approximately 50-70 individuals are expected to attend, including foreign Government officials, members of the business community, and members of the media. Consistent with the criteria for the widely-attended gathering exception, this event will give the Secretary an opportunity to discuss matters of mutual interest with a large and diverse group. Therefore, it would be reasonable to determine that his attendance will further interests of the Department and that this benefit outweighs the appearance of any loss of impartiality. As the agency head, Secretary Ross acts as his own designee in consultation with a designated agency ethics official for purposes of making the necessary determination. This message serves as evidence of the necessary consultation. Acceptance is also consistent with the Ethics Pledge because News Corp is a media organization and the Ethics Pledge bar on accepting gifts does not apply to such organizations. See 5 C.F.R §§ 2635.102(b) and 2635.204(g).

There will be no reporting requirement for this gift.

Minister Opera is the Secretary's counterpart in Romania and a strong partner for Commerce. He has requested a meeting for the week of December 10 -14th. This meeting is an opportunity to urge Romania to push EU Member States and the Commission for a mandate to negotiate a free trade agreement with the United States and to identify potential short-term outcomes when it assumes the rotating presidency of the EU in January 2019. Secretary Ross can emphasize the importance of reforming Romania's overall business environment including advocating for stronger IP enforcement, transparent procurement processes for U.S. companies, and continuing its anti-corruption efforts.

Please let us know if you have any questions.

Many thanks.

Good evening Chelsey,

Senator Sullivan would like to request a phone call with Secretary Ross regarding tariffs. Is there any availability in the Secretary's schedule for a call sometime this week or next? I would be happy to send over some options if you prefer. Also, my direct is 202-224-1026 if you would like to speak over the phone.

Thank you!

Show Time As Busy

We are delighted you will be joining us for the White House Congressional Ball on Saturday, December 15, 2018 at 5:00 p.m.

Please carefully read the information below to ensure there are no delays in the entry process.

We have attached access details for the Southeast Gate, located at 15th Street and Alexander Hamilton Place, NW. Please note that parking is not available on the White House grounds. Gates will open at 5:00 p.m. and no guests will be permitted after 7:00 p.m.

On arrival, acceptable forms of identification include a valid United States driver's license, or a valid passport from another country. A foreign driver's license is not considered acceptable identification for entry. Any discrepancy between the information provided and the information stated on your government-issued ID will delay the entry process.

The suggested attire is black tie.

Please refer to the attached Frequently Asked Questions document for any questions or concerns you may have regarding this event.

Thank you for your assistance and we look forward to hosting you at the White House.

Sincerely,

The White House Social Office
